PLAYGROUND SURFACING

Leading the Playground Surfacing Industry for Over a Decade

Our playground system has pushed the industry forward by constantly evolving to meet your playground needs. Over the last decade we've developed our systems using the highest quality materials available worldwide. Each playground we build surpasses ASTM F-1292 and CSA standards. We create fully accessible playgrounds that incorporate fun and inspire creative play.

Key Advantages to Premier Playground Surfacing

- U.V Stabilized rubber and resin
- Slip Resistant and Porous
- Customizable Colours and Designs
- Easily Repaired
- 5 Year Warranty
- AODA and ADA Accessible
- Exceeds all Impact testing (ASTM F-1292 and CSA Z-614 Certified)

PLAYGROUND SURFACING

Providing Products to Fulfill All Your Surfacing Needs

Providing a full spectrum of surfacing options, we can accommodate all budgets and surfacing requirements. As a complete turnkey playground company we combine different surfaces to create unique and spectacular showpieces.

Key Products

- Drop Height Rated Artificial Grass
- EWF (Engineered Wood Fibre)
- Playground Sand
- Pea Gravel

PLAYGROUND INSTALLATION

Providing Turnkey Playground Solutions

As a design build company working alongside all the major playground manufacturers we can provide you with turnkey solutions to meet your installation needs. Our installations start at the ground up, from excavation and drainage, to retaining walls and surfacing all done by our highly skilled staff. All of our installations are overseen by our in house Canadian Certified safety inspectors.

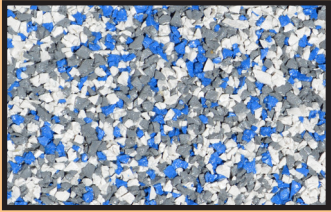

- CCPI (Canadian Certified Playground Inspector)
- Fully Insured
- WSIB Certified
- Supply and Install Playground Accessories
(Benches, Basketball Nets, Shade Structures, etc)
